

EVANSTON YOUTH CLUB

Evanston Youth Club
FOR BOYS & GIRLS

MAY 2020

What is Club Quaran -Teen?

With the closure of schools on March 16th, the Evanston Youth Club also had to close our doors. Our dedicated staff worked hard to launch Club Quaran-Teen on March 23rd, a virtual club program.

Club Quaran-TEEN offers a variety of online "classes" including but not limited to:

Science Experiments | Virtual Field Trips
Cooking | Car Maintenance | Yoga
Workout videos | Keepin It Real
Dance Videos | Daily Trivia & Fun Facts
Music | Art | Photography | How to Videos

How does it Work?

The Evanston Youth Club, with support from Uinta County School District #1, has created a google classroom to interact and provide opportunities for youth during this time of change and uncertainty.

Club members are able to participate in club programs through videos, activities, chats, and interaction with staff whom they trust and look to for support and mentoring.

Youth are able to join a video google hangout each day to interact with other club members and club staff. During google hangout they go on virtual field trips to zoos and museums, discuss their situations, do art projects, workout together, and even cook together. All supplies for classes are delivered to youth member's homes.

EVANSTON YOUTH CLUB NEEDS YOUR SUPPORT NOW MORE THAN EVER.
Donate to our virtual fundraiser "Wall of HOPE"

7th Annual Dinner

It is with sadness that we will need to change the Evanston Youth Club's 2020 Annual Fundraising Dinner. As our single largest fundraiser, it is critical that funds still be raised to support our continuing youth programs. The Annual Dinner will instead be a virtual fundraiser "Wall of HOPE". Through this online campaign, EYC aims to raise necessary funds to continue positive, life-impacting programs for hundreds of youth.
